

Dripping Springs TPDES Permit Reference Map

This map is for graphic display purposes only. It is not intended for engineering, surveying or construction purposes. The information depicted has been digitized from various sources and only represents the relational accuracy of design elements. The Barton Springs/Edwards Aquifer Conservation District (BSEACD) is not responsible for the use, display or interpretation of this map by any other person, agency or organization. Basemap: Gaining and losing reaches calculated from synoptic flow studies measured by BSEACD, HTGCD, and City of Austin staff in July and November of 2015. Dripping Springs irrigation areas and TPDES reference points estimated from maps published in the Corrollo DPR study. Dripping Springs city limits from CAPCOG city limits dataset. Hydrography from the USGS High Resolution National Hydrography Dataset. BSEACD, July 2016
