

1/3/12

NOTE: Proposed well plugging materials & features shown in RED

NOTE: Proposed well plugging shown hereon might be altered, w/ BSEACD concurrence, based on review of the geophysical & video logs that will be run, prior to initiating the proposed plugging.

NOTE: Well completion data from State Well Report (SWN 58-49-609) filed by Central Texas Drilling, Inc. (1988). Hydrostratigraphic data estimated from nearby wells that have geophysical logs (LBJ/WC, GRGC#5, Spillar).
